# SAVE YOUR TEETH AND WEAR A MOUTHGUARD

## A CUSTOM FIT ENSURES PROTECTION

Whether you need protection in contact sports or you just want to improve your game, our custom fitted mouthguards gives every athlete an edge.

**"I'VE SEEN A LOT OF INJURIES HAPPEN TO EVEN MY OWN PATIENTS WHEN NOT WEARING MOUTHGUARDS." ~ DR. TODD BARNETT, DMD**

# PROTECT THAT SMILE!

Our custom fitted mouthguards are durable, comfortable and make it easier to talk and breathe when participating in athletic activities. Protecting your teeth helps maintain your special smile.

Wearing a mouthguard of any kind can not prevent all mouth injuries but a properly fitted, custom fabricated mouthguard can prevent most of them.

We believe strongly in athletes protecting their smiles. At Barnett Orthodontics we offer custom fitted mouthguards for anyone not in braces ages 8 and up. Our mouthguards are far superior to a boil-and-bite mouthguard but at a comparable cost of only \$20.00. Ask us about our fun color choices.

**ATHLETES ARE MORE LIKELY TO DAMAGE THEIR TEETH WHEN NOT WEARING A MOUTHGUARD WHILE PARTICIPATING IN CONTACT SPORTS OR RIGOROUS PHYSICAL EXERCISE.**
